

# Scale immersive training to all devices and platforms

Immersive training trains at 5 times the speed of face-to-face training because it delivers knowledge through experiences. Realizing this promise inside organizations is often met with hurdles and limiting factors in PoC stage. AUCTA enables organizations to scale platform- and device agnostic from day 1 and reduces costs in training through digital automation.

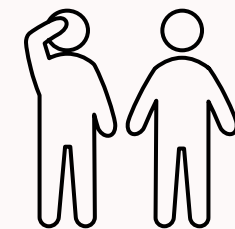

## AUCTA PLAYER

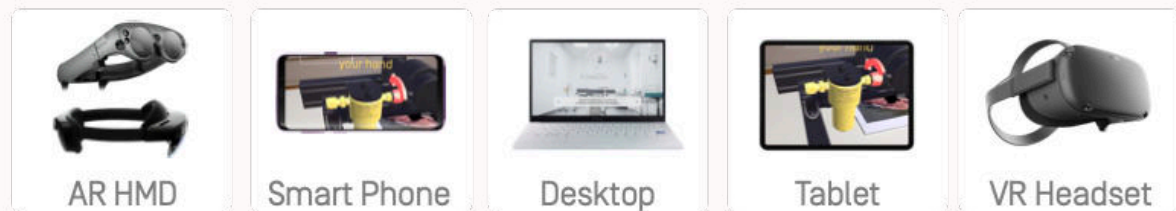

Live Demo: <https://demo.aucta.io>

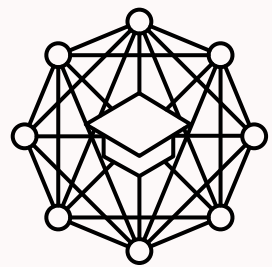

Instant accessibility of AR/VR/3D training content through deep links in the web browser.

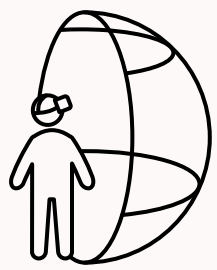

Provide inclusion of all employees by allowing any device to be used

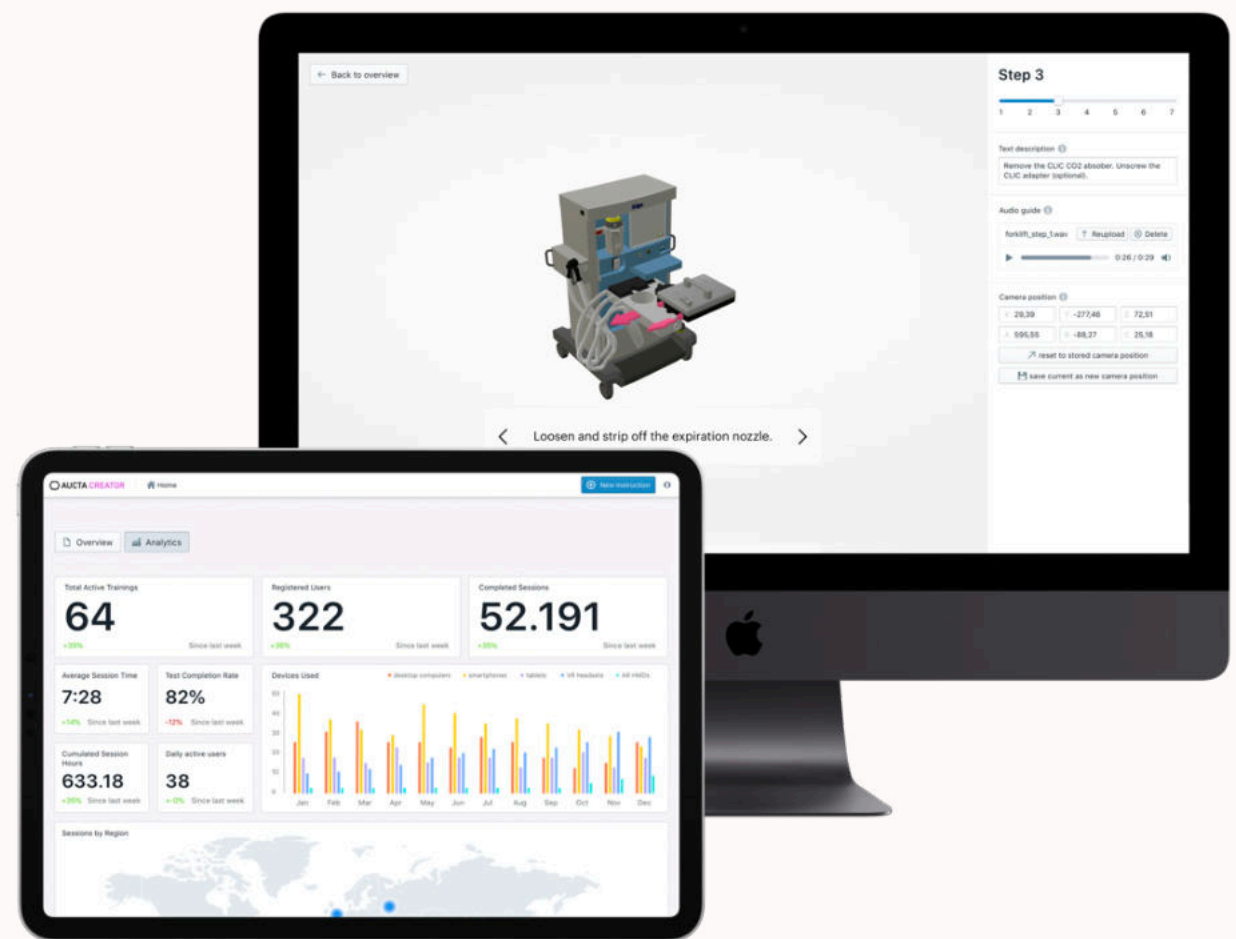

## AUCTA MANAGER

Control, distribute and integrate into existing infrastructure with low effort.

Our experts help you create new AR/VR trainings and scale existing immersive content.

Reach out to [henri@aucta.io](mailto:henri@aucta.io) and request a demo now.
